

PLEASE NOTE: Only the equipment "manufacturers" are in alphabetical order. The radio models are NOT in alpha/numerical order; This is because some transceivers have two separate input/output accessory jacks, and may use two or more different interfaces cable types. The list is large, allow time to load. This list is the result of many years of research by G. E. "Buck" Rogers Sr, K4ABT, and are copyrighted by BUXCOMM and G E Rogers K4ABT 1986 –2010; ALL copyrights are held by BUXCOMM.

The cable(s) from TNC or KPC/KAM, DB25 female to PC DB9 male serial comport, see Cat # [DB9FDB25M](#)

The cable(s) from TNC or KPC/KAM, DB25 female to PC DB25male serial comport, see Cat # [DB25FDB25M](#)

When you locate the cat# for your specific cable, CLICK in a box above the column for your catalog number.

We have composed this list to assist you, however; We are not responsible for mistakes, omissions, or incorrect selection !
